Fundación Solidaridad por Colombia is the strategic ally that will provide support during the donations collection.

PwC will be the auditor that will ensure total transparency during the handling of the resources.

Fundación Solidaridad por Colombia is an NGO with 44 years of experience managing resources for vulnerable populations. It promotes integral development for families through the formation of values, and it develops innovative social strategies for education, nutrition, citizenship and relief for victims of natural disasters.

Over 804.000 low income Colombians from all ages have found new opportunities and have raised their life conditions thanks to the social programs developed by the foundation in its 5 lines of action: Communities Recuperation and Rebuilding, Childhood and Higher Education, Nutrition and Healthy Lifestyle, Social Innovation and Citizenship, Mobilization and Impact.
